# 3,000 SCIENTISTS TO HOLD SWAY IN NATION'S CAPITAL FOR WEEK

## Greatest Gathering of Its Kind that Has Ever Assembled in Any City.

Probably the greatest gathering of sa tints ever assembled in conclave in the United States will convene to-morrow, when the American Association for the Advancement of Science' and its thirty affiliated societies opens its sixty-third annual convention.

annual convention.
There are now about 8,000 members of the association, and practically all of them belong to one or more of the affiliated societies. All of them have meetings during the gathering in Washington, and as there will be between 2,000 and 1,000 members here, all the halfs of the city will be well taxed to hold the various meetings. meetings

#### Solid Science Week.

All of the big hotels have had their banquet and assembly rooms engaged, and the National Museum, the Carnegie Institution, the National Geographic Society, and the Business High School have clety, and the Business High School have all agreed to hold their quota. Most of the meetings will be of a strictly tech-nical sort, and the members who are interested in special lines of research work will have an opportunity to hear the latest that has been done in any line, either by the man who did it or by some other scientist thoroughly familiar with his work.

CHARLES J. BELL,

vocation week meetings. There will be a business meeting of the executive committee of the council at the New Willard Hotel to-day at noon. To-morrow evening at 8 o'clock the general session of the assembly hall of the National Museum by the expected that President Taft will deliver the address of welcome.

The meetings of the sections will be held at their various meeting places at at 10 a. m. December 37, and will continue through December 37, and will continue through December 38. An exhibition drill will be given at Fort Myer on the aftertion of December 28, and in the evening an informal reception in the Corearan Art Gallery.

organizations in the country. It was formed in Philadelphia in 180 by a few geologists and naturalists. There were then 150 members. It has made relatively the largest growth in the past few years. The permanent secretary of the society is Dr. L. O. Howard, chief of the Bureau of Entomology of the Department of Agriculture. He has had the arranging of the preliminaries and has been busy for almost a year past in arranging for the great gathering.

The officers of the association are as follows:

Edwin B. Frost, Yerkes Observatory, Williams Bay, Wis.; physics, Robert A. Millikas, University of Chi-cago, Chicago, Ill.; chemistry, Frank K. Cameron, United States Department of Agriculture, Washington, D. C.; mechan-ical science and engineering, Charles S. Howe, Case School Applied Science, Cleveland, Ohio; geology and geography, Behumil Shimek, State University of Iowa, Iowa City, Iowa, Zoology, Heary F. Nachtrieb, University of Minnesota, Minnesota, Minnesota, Datany Prederick,

nois, Urbans, III.; physics, A. D. Coie, Ohio State University, Columbus, Ohio; Ohio State University, Columbus, Ohio; chemistry, C. H. Herty, University of North Carolina, Chapel Hill, N. C.; mechanical science and engineering, G. W. Bissell, Michigan Agricultural College, East Lausing, Mich.; geology and geography, P. P. Gulliver, Norwich, Conn.; zoology, Maurice A. Bigelow, Columbia University, New York; botany, Henry C. Cowles, University of Chicago, Chicago, Ill.; anthropology and psychology Geography. 111.: anthropology and psychology, George grant MacCurdy, Yale University; social and economic science. Seymour C. Loomis, New Haven, Coun.; physiology and experimental medicine, 'George T. Kemp, Baltimore, Md.; education, C. Biborg Mann, University of Chicago, Treasurer, R. S. Woodward, Carnegie Institution. stitution. Assistant to permanent secre-tary, F. S. Hazard, Smithsonian Institu-tion, Washington, D. C.

Capital Committees. The local executive committee consists of Robert S. Woodward, honorary chair-man; Frank Wigglesworth Clarke, chair-

#### WILL TALK SCIENCES FOR WEEK IN CAPITAL.

These societies are affiliated with the American Association for the Advancement of Science, which assembles in this city to-

sociation, Astronomical and Astrophysical Society of America, Society of American Bacteriolo-gists, American Society of Biological Chemists, Botanical Society of America, American Chemical Society, American Civic Alliance, American Economic Association, American Association of Economic Entomolo-glats, Entomological Society of America, American Fern Society, American Folk-lore Society, As-sociation of American Geogra-phers, Geological Society of Amer-ica, American Federation of Teachers of the Mathematical and

the Natural Sciences, American Home Economics Association, So-clety for Hortfeultural Science, American Association for Labor Legislation, American Microscop-ical Society, American Nature-study Society, Paleontological Society of America, American Physical Society, American Phys-iological Society, American Phy-topathological Society, American Psychological Association, Sigma Xi. American Sociological Asso-ciation, American Statistical As-sociation, Sullivant Moss Society, and Southern Society for Philosophy and Psychology.

man; L. O. Howard, permanent secre-tary, A. A. A. S.; Marcus Benjamin, William J. Humphreys, Cornelius L. Shear, Hugh M. Smith, and Charles J. Bell tracticer.

Bell, treasurer.
The local finance committee consists of Charles D. Walcott, chairman; Hugh M. Smith, secretary; Gilbert H. Grosvenor, Charles J. Bell, treasurer, ex officio.

#### Study of Anthropology.

The American Anthropological Associ-ation, the American Folklore Society, and the Washington Anthropological So

and the Washington Anthropological So-ciety will hold joint sessions in the Na-tional Museum, beginning to-morrow morning, and closing Saturday.

The opening discussion will be intro-duced by "Studies among the plains In-dians," by Clark Wissler, who will be followed by Dr. Ales Hirdlicka, a curator of the National Museum and a scientist of recognized fame, with a paper on recognized fame, with a paper or anthropology of the Pueblos, illustrated by lantern alides. Prof. A. E. Jenks will discuss "Some aspects of the egro problem

To-morrow afternoon the topic will b The unity or plurality and the probable place or places or origin of the Ameri-can natives. On Thursday the pro-gramme will be devoted mainly to forkore in the morning, and to a discussion of the effects of environment on culture

of the effects of environment on culture in the afternoon.

Friday will be devoted to a discussion of archeological matters and to a paper by Frof. R. B. Dixon, on the independence of the culture of the North American Indian. H. I. Smith, of Canada, will read a paper on the conservation of archeological evidence. There will be numerous papers and a discussion on Indian languages and music on Saturday,

### Will Discuss Pensions.

The American Civic Alliance will to morrow take up the question of civil service pensioning and retirement from the standpoint of the employes of the

attend the fourth annual convention of the American Home Economics Associa-tion. The sessions will be held at the

mestic art."

At the morning session Thursday the opening paper will be on "Applied science—its place in the curriculum of a college of liberal arts for women." This paper is divided into two sections, part 1, on "Blochemistry," being handled by Mary Louise Foster, instructor in chemistry at Smith College, and part 2, "Chemistry," being presented by Miss Katharine Blunt, Ph. D., assistant professor of chemistry at Vassar. "Metabolism experiments" is the title of a paper by Alice F. Blood,

## Leaders of Thought and Pioneers in Fields of Research Will Present Views.

assistant professor of chemistry, Simmons College, Miss N. E. Goldthwaite, Ph. D., will present a paper on "Some chemical differences between short and long process breads." Miss Goldthwaite is assistant professor of household science at the University of Illinois.

The afternoon session will be a "round table" on the elementary work in preparation of 'tood in college classes, the discussion being led by M'ss Abby L. Marlatt, of the University of Wisconsin.

At 3:30 oc. & Filday morning the Home Economics Association of Washington will receive the delegates at the Cooke School, Supt. Davidson, of the Washington schools, addressing the members.

The American Association for Labor regislation will meet at the Raleigh Hotel Thursday, Friday, and Saturday, Leading experts, including prominent public officials, will discuss. The relation of State to Federal workmen's compensation and insurance," "The uniform reporting of industrial injuries," The unemployment problem in America," and "Safety and health in the mining indus-

Walter L. Fisher, Secretary of the In terior, will preside during the discussion of the mining industry; Charles Nagel,
